

2025- 26 New Teacher Training

Your First Year of INCubatoredu

Launching a new course is an exciting adventure, and we are here to support you every step of the way! Our comprehensive year-long training program is designed to ensure your success, ease any challenges you may face, and keep you connected to the community.

Online Course

Access on-demand training materials and essential info for your first year of teaching INCubatoredu with students. Prepare your mind and reflect with others.

Bootcamp Training

Attend an experiential dive into the INC program, curriculum, resources, and support with a cohort. Learn from experienced INC teachers, join a team, and create examples.

Mentoring Program

Connect at least once a month with an experienced INC teacher for guidance. Ask questions, share progress updates, and learn from someone who has done it before.

New Teacher Check-Ins

Once a semester, participate in virtual cohort check-ins to reconnect with new INC teachers and mentors. Share stories, solve struggles, and gather strategies. Schedule 1-1 check-ins with Uncharted Learning to discuss progress, concerns, and receive guidance.

New INCubatoredu Teacher First-Year Training
